Photo Albums

Photo Albums

We will be happy to put a professional photo album together for you. Price of albums is based on your selection of album and number of photographs to be placed in album. Parent and friend albums are also available.

* Decorative album is 10" x 10". Larger sizes are available for an additional fee.

Engagement & Bridal Portraits \$300

Portraits may also be taken separately from your wedding day. Portraits are usually taken in the location chosen by the bride. If you do not have a special place to take your portraits, we can make suggestions. We do, however, recommend that portraits be taken outside. The portrait session will take approximately three hours to complete.

Other Services

We offer many other services to enhance your experience. We can put your wedding photos onto a DVD with the music of your choice. This will allow you to show all of your friends and family your special day in a special way. This service is only an additional \$50 added to your package. We can make additional copies of your digital CD or DVD for \$10 each. We can computer manipulate your photographs to hide flaws, change from color to black and white. Please consult your photographer for more details on these great options.

Professional printing of your digital photographs is available for \$10 per sheet.

Payment Plan

A 50% deposit is required to secure your date. The remainder of the fee is due in two more payments. The first payment is due at least one month prior to your wedding and the second payment is due by the date of your wedding.
